About Allifmaal

Allifmaal Ltd is an Engineering Company that mainly focuses on Cloud-based Business Management Systems and Integrated Business Security Systems. The company has excelled in the provision of exceptional customer services over the years and established itself as a leading brand in the industry.

Software Solutions

Our Business Management Systems (ERP) provide a comprehensive end to end business logic that helps to record all the business processes and include the main business modules such as:

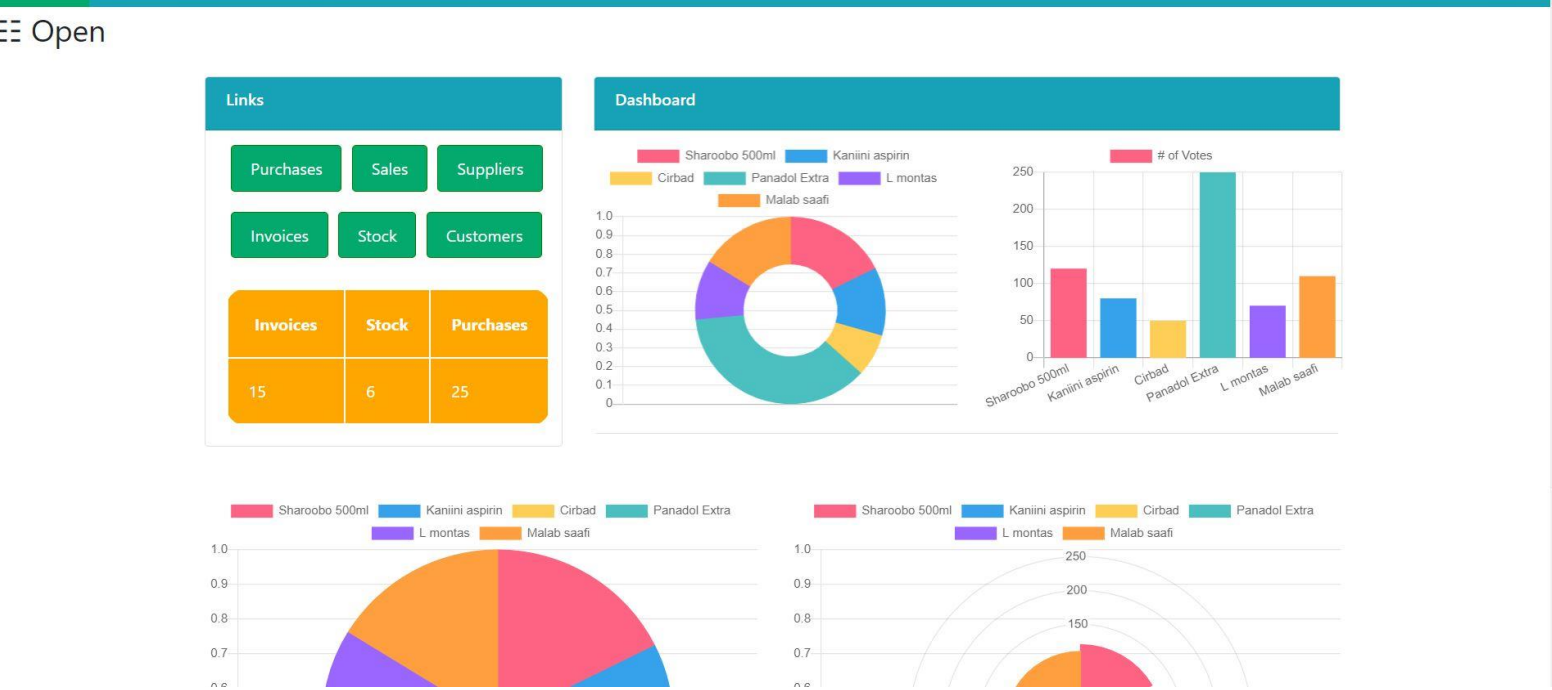

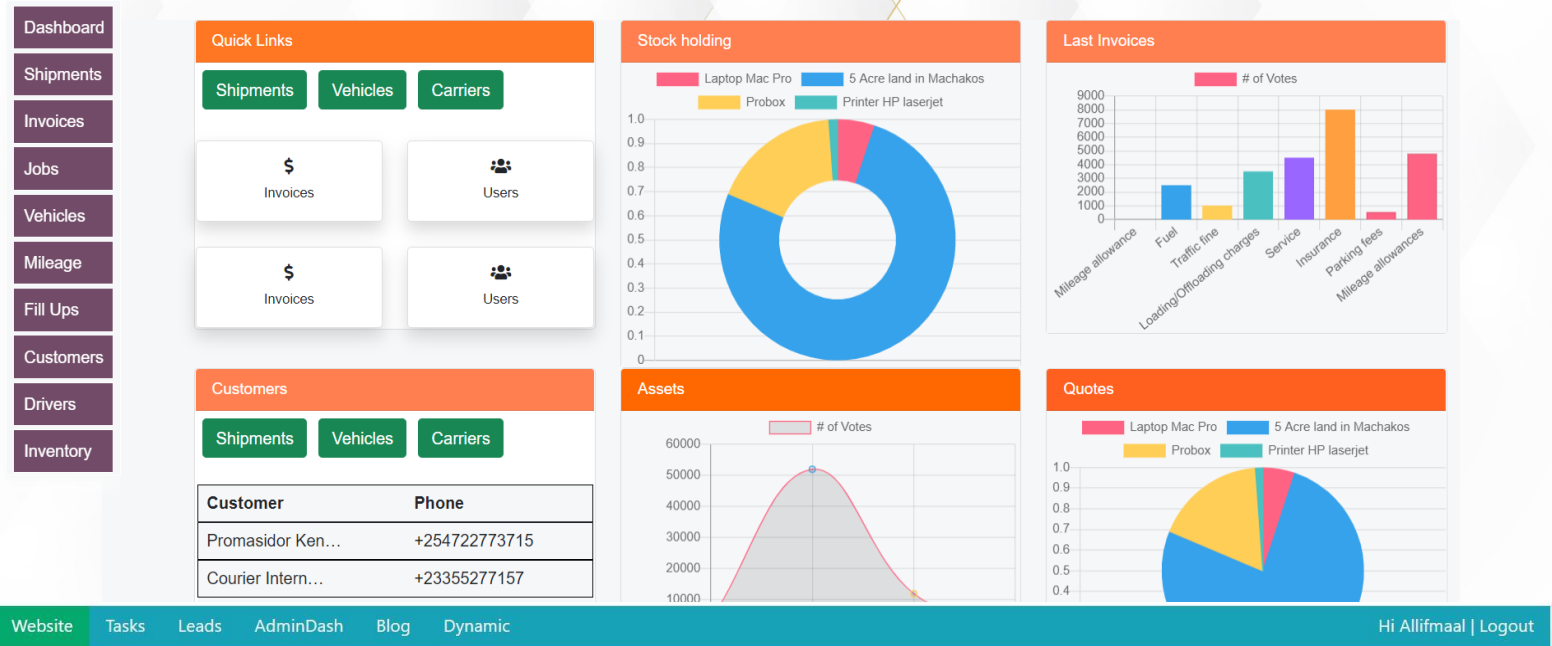

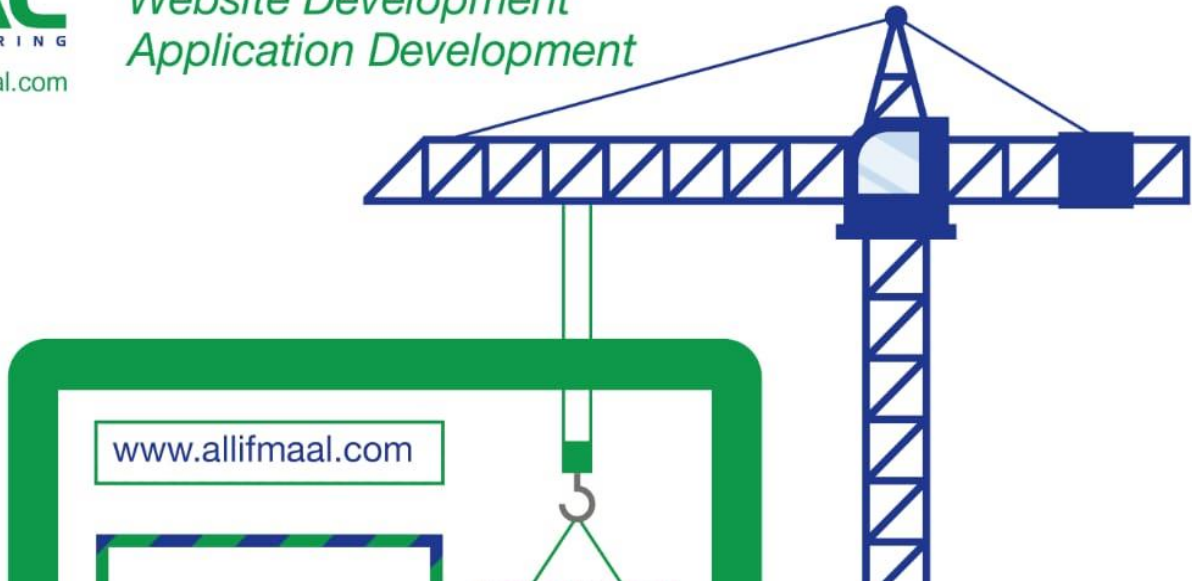

-  SRM
-  CRM
-  HRM
-  FRM

Security Solutions

Our Business Security Systems use cutting-edge smart technologies for both commercial and residential premises and help to monitor and record all the physical activities in your premises conveying information in real time. These systems include:

-  Surveillance Solutions
-  Biometric Systems
-  Access Control Systems
-  Attendance Systems

Allifmaal Ltd builds the technological infrastructure as a launching-pad as well as operational platform for your business to succeed.
